6								
R1								
R2								

NOTE: A) The Initial Study Plan submitted is for the purpose of application and is tentative and not binding. It does not constitute the success of the module mapping, and does not guarantee a place in the Student Exchange Programme (SEP). All applications will be assessed before the SEP places are allocated. B) All modules read at the partner university have to be graded and not on a PASS/FAIL basis. C) It is the student's onus to ensure that he/she has fulfilled all module pre-requisites for both the modules read at the partner university as well as NUS modules he/she wish to map to.
